<b>FACT SHEET</b>
COVID-19 Vaccines are safe and effective
The vaccine should be free for all. It should not require health insurance or any other form of payment
Side effects tend to be mild and will disappear in a few days
One of the ways to receive the vaccine is through <a href="https://vaccinefinder.org">vaccinefinder.org</a> and finding an appointment using your zip code
<b>COMIC STORY 1</b>
<i>Title: Is the vaccine harmful to our bodies?</i>
<i>Panel 1: Woman: Will the vaccine change the makeup of my body doctor? Doctor: Definitely not. I guarantee you that the vaccine will not change the makeup of your body. Rest assured</i>
<i>Panel 2: Me and my family received the vaccine. And I can guarantee through my experience that the vaccine is safe</i>
<i>Panel 3: My husband had a sore arm for one day only, and it did not stop him from going about his daily activities</i>
<i>Panel 4: If we work together to receive the vaccine stability and tranquility will return to our lives</i>

## COMIC STORY 2

*Title:* The COVID-19 vaccine is prevention not treatment.

*Panel 1:* I don't have COVID-19 and i'm in great health. So what's the benefit of the vaccine for me?

*Panel 2:* We received the vaccine to avoid getting sick not because we're sick.

*Panel 3:* Thank you for informing me that the vaccine is designed to protect me from the virus. I received the vaccine today and I feel good.

*Panel 4:* If we work together to receive the vaccine stability and tranquility will return to our lives
