FACT SHEET
About the COVID-19 vaccine
The COVID-19 vaccine should be free for everyone; and should not require payment or health insurance.
The vaccine is safe and effective. It is not harmful. It's saving lives.
Two doses are required to have maximum protection against the vaccine.
Some people may experience side effects such as sore arm, headache, chills, or low fever after getting the COVID-19 vaccine.
COMIC STORY
Consider getting the COVID-19 vaccine
The COVID-19 vaccine is 'halal', allowed by all religions and cultures. It protects against getting COVID-19.
The more people that take it now, the sooner we can resume normal life.
But as a result, you may experience mild and short-term side effects like sore arm, headache or fever.
It's important we fight against this virus together. Join us.
