## PSA 1

**English**
COVID-19 vaccines are FREE for everyone. But make sure and ask if there are any other costs with getting vaccinated. No one can be denied a free vaccine if they are unable to pay an administration fee. Once vaccines are widely available, anyone can get vaccinated regardless of immigration status. Protect yourself. Protect your community. Get vaccinated.

**Translation**

## PSA 2

**English**
The COVID-19 vaccine protects you from getting COVID-19. If you still get COVID after you get vaccinated, the vaccine protects you from getting seriously ill. Even if you had COVID-19, you should still get vaccinated. Protect yourself. Protect your community. Get vaccinated.

**Translation**

## PSA 3

**English**
COVID-19 vaccines are safe and effective. The vaccine CANNOT give you COVID-19. No other vaccine has been tested as much for its safety in U.S. history. The vaccine has been proven safe for thousands of people, including those of different races, ethnicities and ages. No other vaccine has been tested as much for its safety in U.S. history and millions of people have been safely vaccinated. Protect yourself. Protect your community. Get vaccinated.
