The beginning of the form says:

Place Your Order for Free At-Home COVID-19 Tests

Last updated January 28, 2022
Residential households in the U.S. can order one set of 4 free at-home tests from USPS.com. Here's what you need to know about your order:

- Limit of one order per residential address
- One order includes 4 individual rapid antigen COVID-19 tests
- Order will ship free starting in late January

Fill in this form with your contact and shipping information to order your tests.

**Step 1: Input your contact information**

- Your first and last name.
- Your email is optional and if provided, will be used to send you notification of shipping updates.
Step 2: Input the address you want tests shipped to

- Your first and last name again.
- Your street name, apartment number if relevant, city, state and zip code.

Step 3: Next you will see a privacy statement

- There is nothing you need to do here.
- The privacy statement shares that your information will be used to send you the tests.
This information will not be shared with third parties without consent.

If you would like to read the privacy statement in full you can do so on the web page.

Step 4: Next you click on the green button that says “Check Out Now”

Step 5: You will be asked to review your order to make sure your address is correct.

If you notice any of your information is incorrect, you can click on the blue link that says “Edit”.

After your review, click on the green button that says “Place my order”.

A message will come on the screen confirming that your order has gone through.
